6.5.1 Download Preset

To download the public preset, tap on the user's name to see what presets they are sharing. Then tap on the preset you want to download for more information and choose **Download**.

6.6 Audio Mode

6.6.1 Lasers and Scalar Wave Pulsing Setup

In this mode, users can **Add** and **Play Music** from the tablet. Users can enjoy both **Pulsing Lasers** and **Music Therapy** at the same time. The lasers and scalar waves will pulse according to the music playing.

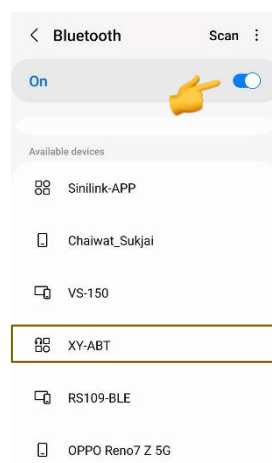

To do this, please make sure Mandala Wand is turned to **Bluetooth Audio Mode** and **headset is plugged into Mandala Wand**. (Please refer to Mandala Wand User Manual for headset setup instruction)

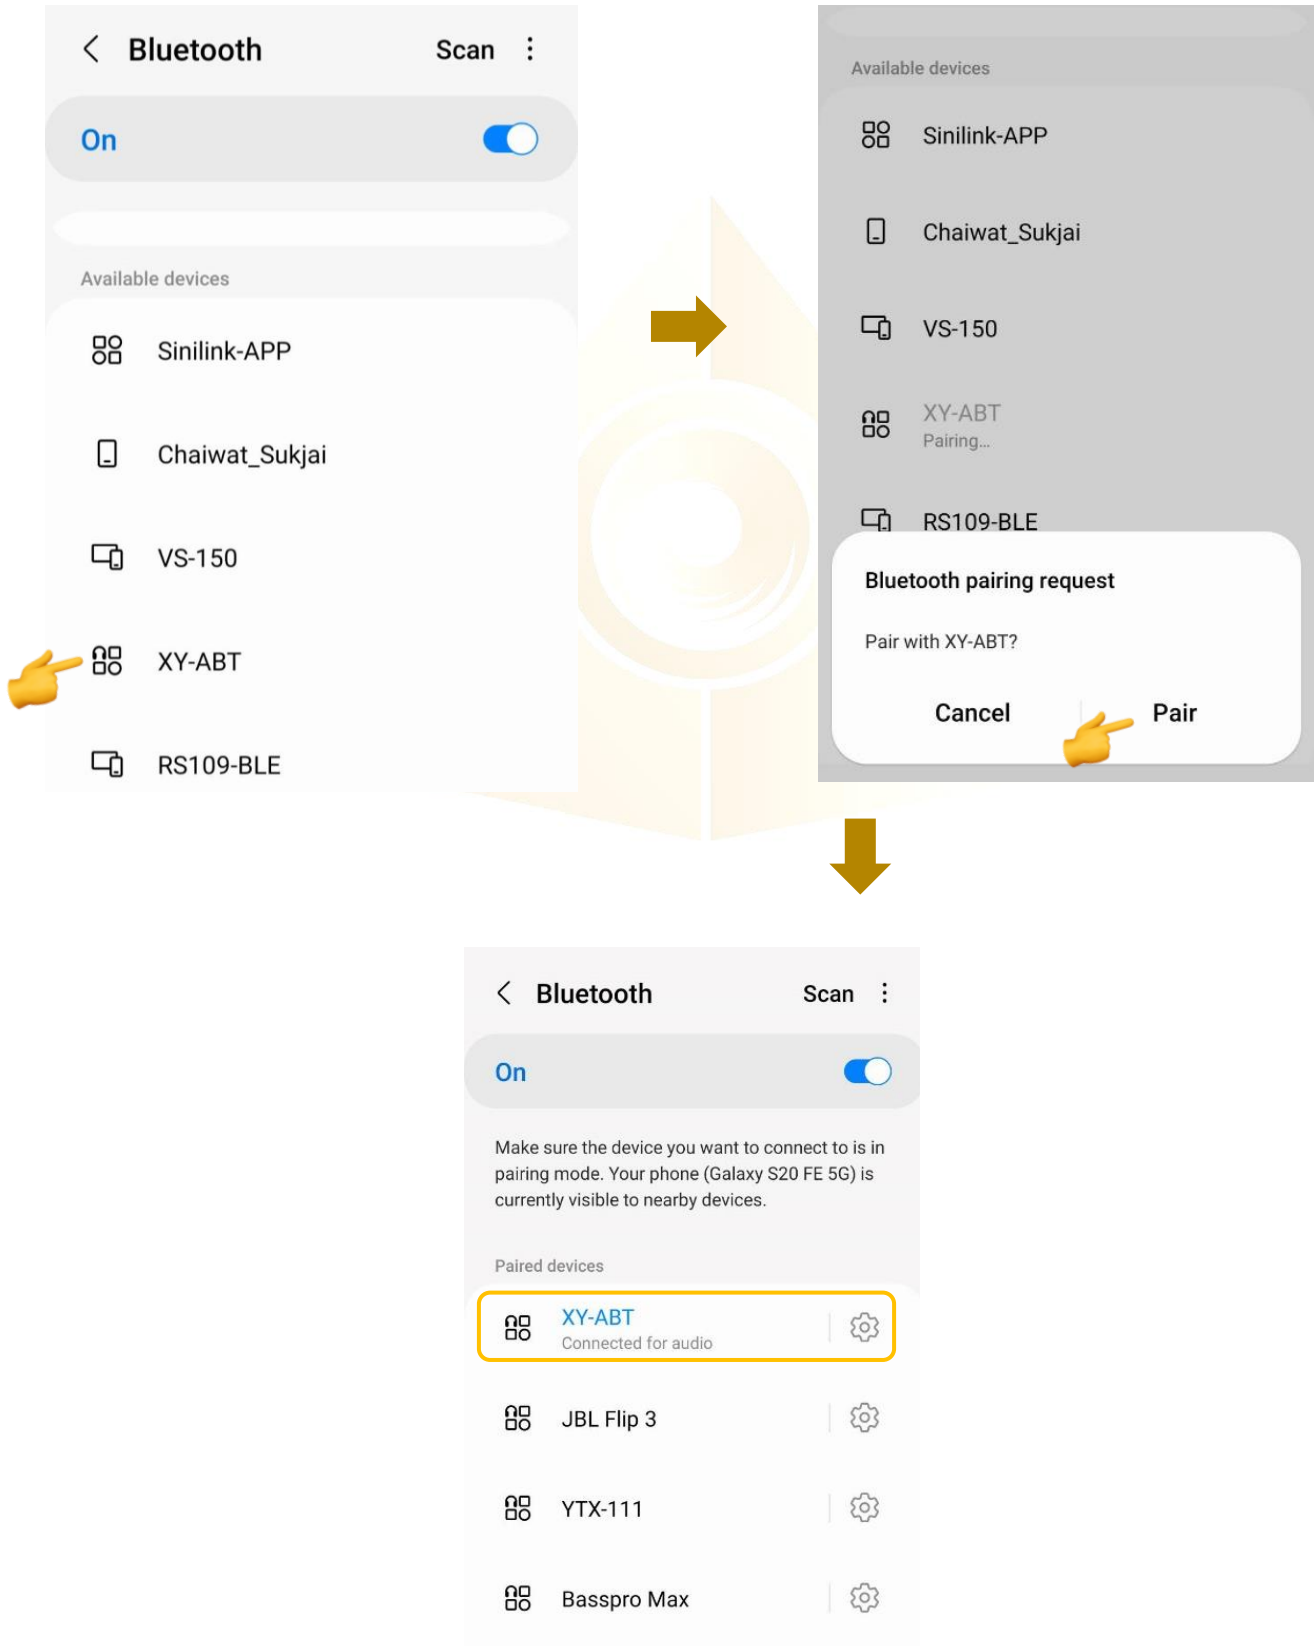

Mandala Wand Screen –the Audio mode will light up

Then follow the following steps:

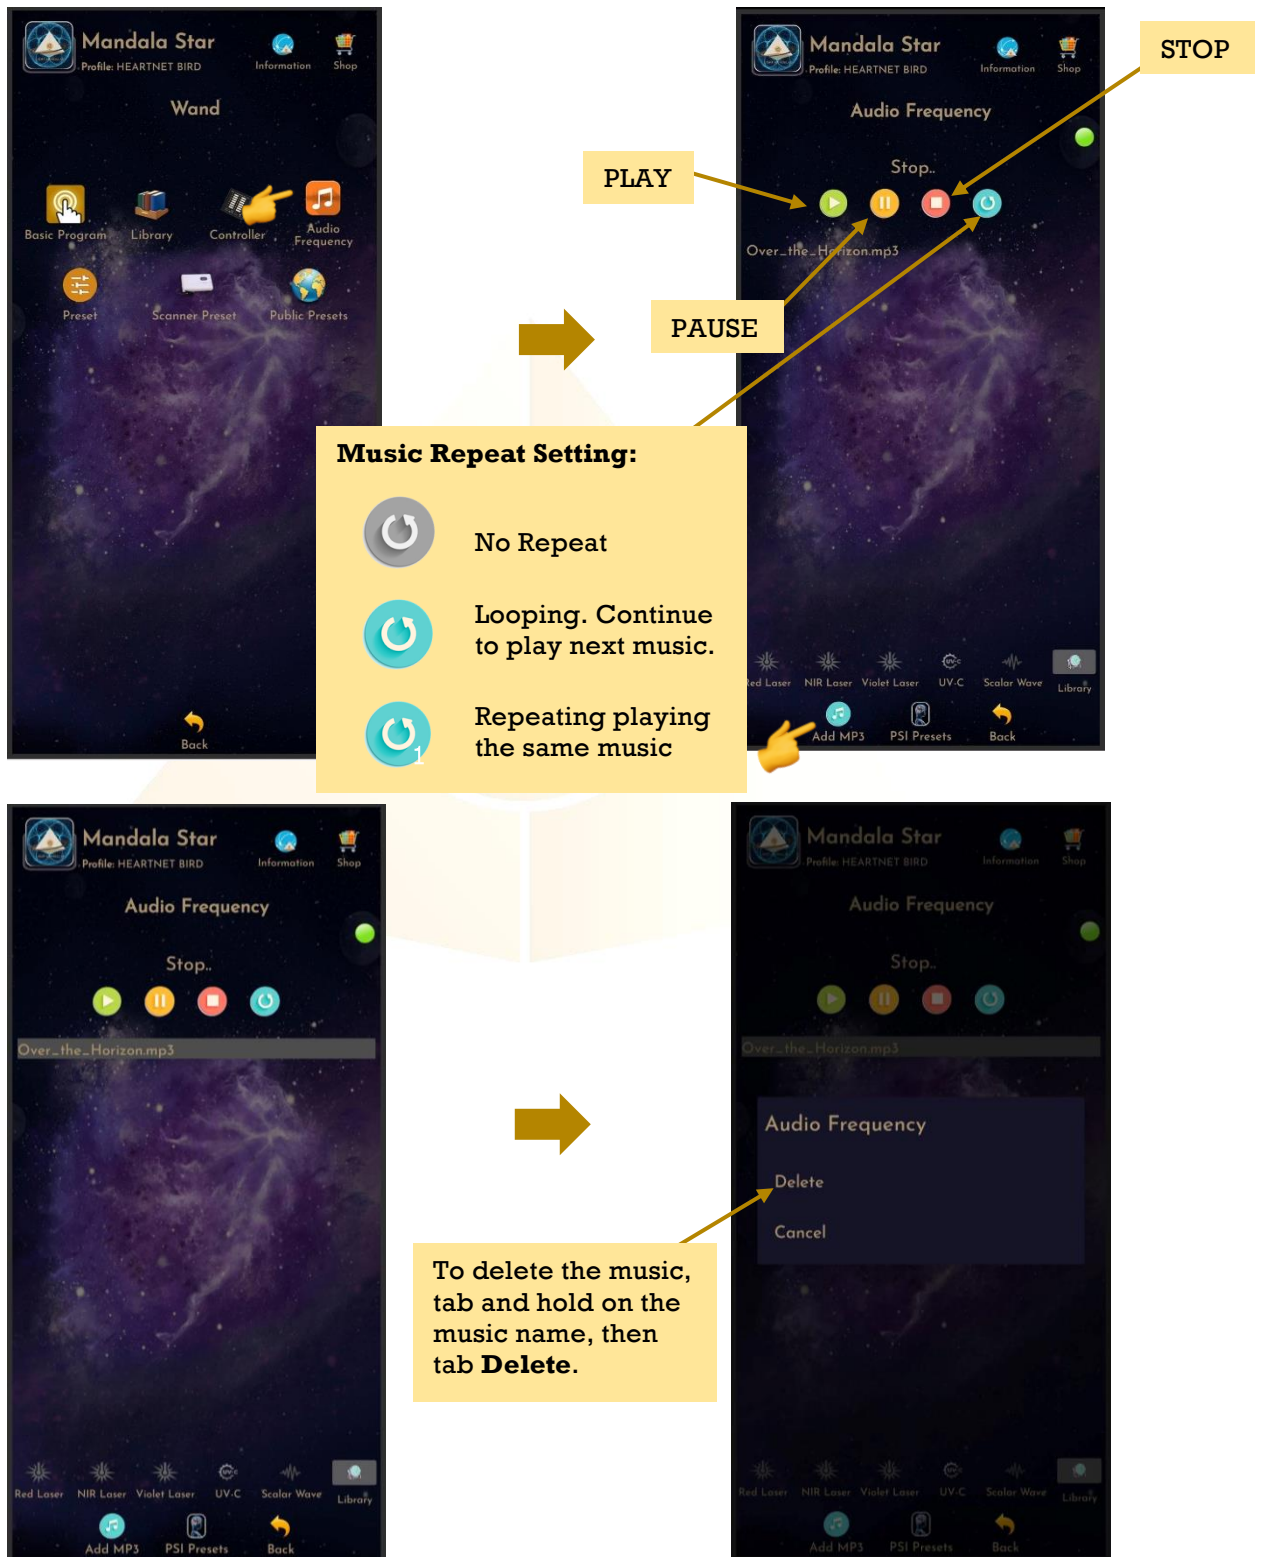

1. go to **android phone setting**, turn **ON Bluetooth** and tap on **scan** to scan for the **headset name**.

2. When the headset name “XY-ABT” appears, tap on it and then select **PAIR** to pair it.
* *User only needs to pair the headset name for the first-time use of headset. The headset name will then be saved in the paired devices list.*

3. Go back to **Mandala Star app – Mandala Wand main page**, tab on **Audio Mode**, then tap on **Add** to add in music you wish to play, then tap on the music name to **Play** it.

When the music is playing, the user can go to the Preset Library to play a preset or select a frequency from the Frequency Library to play. Now, the lasers and scalar wave should pulse in time with the music.

“No claims other than stress detection and stress reduction may be made”

Light Mandalas products are to be used as a Heart Rate Variability Biofeedback system and Light, Color and Sound therapy, designed for stress detection and stress reduction only. The devices do not evaluate any issue other than stress. Stress can come from many sources; this system uses light and color and sound therapies to reduce stress. Remember, there has never been any reported side effects using light, color and sound therapy anywhere in the world and throughout time.

Notes on the practices of low-level laser therapy (LLLT) and Biofeedback

Low-level laser therapy (LLLT) is considered investigational by the FDA, and no medical claims of cures are permitted in the US; at this time however, low-level lasers are defined within the scope of complimentary medical practices such as physiotherapy, aesthetic, Traditional Chinese Medicine and acupuncture, etc.

The FDA does not regulate Bio resonance tools but they do regulate biofeedback tools and some Bio resonance tools are registered under this category.

*It is a legal requirement at this time that the user does not make any medical claims of diagnosis or cure.

Precaution

Light Mandalas products are working on energetic level. The standard benefit is energy clearance. During the process, your body and mind can be uncomfortable. The symptoms associated with overly rapid clearance of toxins. If those detox symptoms are too strong, you may need to stop using the products. You have to allow the clearance or detox to proceed and you can start to try the products afterwards. However, if the issues still remain the same, it may need to be completely discontinued for your own safety
