

User Manual

Light Alchemy AuraSync

Please read the manual before using the tools.

Version 4.8
Updated June 6, 2026

1. General Notes

1.1 Product Feature and Intend Use

Light Alchemy AuraSync is an innovative, portable wellness device designed to promote energy balance and reduce stress through advanced quantum color therapy. By offering 16 million customizable color variations, it utilizes spectroscopy wellness principles to fine-tune your body's energy flow, enhancing relaxation and overall well-being.

The device is controlled via the Light Alchemy app, allowing you to create custom presets for personalized energy balancing. The app also includes over 700 pre-programmed frequencies for immediate use. Additionally, integrating with Mandala Scan enables analysis of your body's energy state to identify the optimal coherence preset for best results.

Your Light Alchemy AuraSync has undergone rigorous quality testing and is ready to support your wellness journey anytime, anywhere.

1.2 Product details

- Light frequency adjustment device for wellbeing
- Uses electronic control circuit

- Your Light Alchemy AuraSync includes a one-year warranty from the date of purchase.
- If you experience any issues, contact the customer support immediately.
- The warranty does not cover damage due to:
 - Misuse or neglect
 - Unauthorized modifications or disassembly
 - Customs/import fees or indirect damage
- If repairs are needed due to misuse, all costs (including shipping) will be the user's responsibility.

1.5 Important Precautions

- Do not use the device if it appears damaged. Contact support.
- Ensure the correct voltage for your country before use.
- Do not disassemble or modify the device.
- Keep dry – avoid rain, high humidity, heat, and dust.

1.6 Maintenance

- Use soft cloth or water-based glass cleaner for maintenance.
- Keep the device clean to ensure proper performance.
- Keep in dry areas, avoid direct sunlight
- If you have any problems, please contact customer service

1.7 Getting started

- Plug in the 220V AC power cable and press the power button on the red switch on the back of the device.
- Connect to your mobile phone via Bluetooth: LAS-XXXX

- Select the desired treatment program via the application.
- To turn off the machine, press the power button on the red switch on the back of the device.

1.8 Advanced Setting

There is a Mode button with 5 modes to select: Bluetooth Mode, Audio Mode, Microphone Mode, Bio Feedback Mode and Light Scan Mode.

- Bluetooth Mode: The light will flash according to the frequency of the default program or the program that has been uploaded.
- Audio Mode: The light will flash according to the rhythm of the music on the smartphone. Users must connect to Bluetooth of Audio. Users can also listen to music by plugging in the 3.5 headphone jack in the Audio port at the back. There is also a volume on the back of the device that adjusts the response of the light to the music volume.
- Microphone Mode: The light will flash according to the rhythm of the external sound in the surrounding area. You can turn the volume on the back of the device to adjust the response of the light to the external sound.
- Bio Feedback Mode: This function will detect the pulse to process the data and will emit red, green, and blue light to indicate the stability of the pulse at that time. The back of the device will have a blue LED flashing to indicate the rhythm of the pulse signal.
- Light Scan Mode: This function will detect the pulse to process the data and will emit light along with frequency for therapy to suit the stability of the pulse at that time. The back of the device will have a blue LED flashing to indicate the rhythm of the pulse signal.

In the application:

- Basic Program with over 16 sets for users to choose from.
 - Color Library has a function which allows the users to choose their own frequency (1- 25MHz), allowing users to be able to adjust the light colors as they wish.
 - Advanced Program which allows users adjust the setting or create their own program.
 - Function that allows users to adjust the setting through Mandala Scan.
 - Function which allows the users to choose their own languages. There are 11 languages in total.
- The USB-C port on the back of the device is specifically for upgrading the device's firmware.

1.9 Product Includes

- Light Alchemy AuraSync
- 220 V AC cable cord
- Ear Clip for measuring heart rate
- Stainless steel stand
- Packaging Box

2. Technical Data

2.1 Specifications

Product name:	Light Alchemy AuraSync
Color:	White
Material:	Aluminum, steel, stainless steel
Stand Material:	Aluminum and Rubber
Input Voltage:	220V AC
LEDs Lifetimes:	100,000 hours
Power:	100W
Frequency:	1 Hz – 25MHz
Light Source:	12pcs, 10W LEDs (RGB)
Dimmer:	0-100% linear dimmer
Communication:	Bluetooth Audio Bluetooth, Microphone Module, Bluetooth 5.0
Product Size:	240 x 230 x 90 mm (W x H x D)
Gross Weight:	1.5 kg

2.2 Overview and Function

2.3 Device Setup

Plug in the power cord (AC 110-220V, 50/60 Hz only), ensuring it is tightly attached, then turn on the power switch; the LED light will flash during the initialization process.

2.4 Program Mode

1. **Bluetooth Mode** – This is the default mode when you turn on Light Alchemy. It connects to the app, allowing you to upload healing programs seamlessly.

2. **Audio Mode** – In this mode, Light Alchemy syncs with your speaker or headphones. As you listen to music, the light pulses in harmony with the sound, creating an immersive experience.

3. **Microphone Mode** – Light Alchemy responds to the music you play from an external source. The lights pulse in rhythm with the sound, creating a dynamic visual effect.

4. **Bio Feedback Mode** – Designed for meditation and spiritual practitioners, this mode helps you observe your mind state through color feedback:

- Red – High stress, low resilience
- Blue – Transitioning, improving balance
- Green – Optimal coherence, deep focus

5. **Light Scan Mode** – Clip the ear sensor to your finger, and Light Alchemy will analyze your body's state, then generate the ideal frequency and light combination for your needs.

3. Light Alchemy Application

3.1 Application Setup

The Light Alchemy app is available on iOS and Android. Download it from the App Store for iOS or the Google Play Store for Android. For users in China, please download it from <https://light-mandalas.com/application/>

App Store (iOS)

Play Store (Android)

3.2 Pairing Bluetooth with Application

Tap the "Settings" icon at the bottom right, then select "Setup Light Alchemy." The app will search for nearby devices. Choose the displayed serial number to connect via Bluetooth.

3.3 Basic Program

After setting up the app, select your preferred program under "Basic Program".

Click this icon to play the frequencies.

Click this icon to upload the frequencies to Light Alchemy for

3.4 Color Library

All frequencies are included in the library. Users can also select a frequency and color to try.

Insert the frequency, then press "Confirm".

3.5 Advanced Program

"Advanced Program" allows users to customize frequency settings using the library or their own frequencies. Users can combine frequencies to create a custom program.

3.5.1 Advanced Program - Library

1. Select the program or frequency you prefer.

2. Click this icon to save the program.

3. Name your custom program and press "CONFIRM".

3.5.2 Enter Frequency

Users can set time and select color for their inserted frequency.

1. Click this icon to save the program.

2. Name the new program, then press "CONFIRM".

3.6 Mandala Scan

To use Mandala Scan, first pair it via Bluetooth. Tap the "Settings" icon, select "Setup Mandala Scan," and choose the displayed serial number to connect.

Choose "Advanced Program," then press the "Mandala Scan" icon after pairing Bluetooth. Lastly, press "Next" to start.

3.6.1 Smart Scan

Click this icon to play the frequencies.

Click the "Upload" icon to send the scanning results to Light Alchemy.

3.6.2 Scan Frequency

3.7 Audio Mode

Plug in your headphones or speaker to Light Alchemy to play music along with the frequency program. The light will pulse in sync with the music's frequency. Connect the Light Alchemy's audio Bluetooth via Bluetooth settings by selecting 'XFW-BT.' After hearing the Bluetooth connection notification, you can play the healing sound on other platforms.

3.8 Biofeedback Mode

To begin, plug the ear clip into the socket at the front of the Light Alchemy AuraSync. Once done, clip the ear clip to your fingertips; The device will begin to analyze your state of mind. The Frequency icon on the top far left will flash following your heart rate. On the other hand, it will also shine different colored lights which reflect your mind, giving you a better understanding of your well-being.

-  Red – High stress, low resilience
-  Blue – Transitioning, improving balance
-  Green – Optimal coherence, deep focus

3.9 Light Scan Mode

Similarly, to Biofeedback Mode, plug the ear clip into the same socket and clip it to your fingertips. This mode will find the optimal frequency and light color for your body. The Frequency icon will also flash to indicate that it is in progress.

Failures and Remedies

No power

- Please check the power plug well, and make sure the socket goes all the way in.
- Try to turn off the device and turn it back on again to reset.

No light

- Check your tablet's Bluetooth settings. Is the device already paired?
- Open the application and ensure the correct Bluetooth device name is selected.

No pulsing light during Audio Mode

- Make sure the music is playing.
- Adjust the Pulsing Light Brightness Sensitivity Knob in the back of the device.
